BIDS AND AWARDS COMMITTEE FOR GOODS AND SERVICES

8 November 2020

Bid Bulletin No. 1
Modification in the Invitation to Bid, Schedule of Requirements, and
Technical Specifications

This Bid Bulletin no. 1 is being issued to modify or amend items in the Bidding Documents for project – **Rebidding Supply and Delivery of Fabrication Laboratory Equipment for Regional Development Center** with reference no. G-2020-4A. This shall form an integral part of the said Bidding Documents.

INVITATION TO BID AND BID DATA SHEET

FROM	TO
Delivery Period: Sixty (60) Calendar Days	Delivery Period: Ninety (90) Calendar Days
Deadline of Submission and Opening of Bids November 16, 2020 (Monday) 1:30 a.m. and 1:35 a.m.	Deadline of Submission and Opening of Bids November 16, 2020 (Monday) 1:30 p.m. and 1:35 p.m.

CHECKLIST OF REQUIREMENTS - TAB F

FROM	TO
1. Brochure / catalogue from the manufacturer of the item being offered; brochure should not be amended by the supplier	1. Brochure / catalogue from the manufacturer of the item being offered.
Fabrication Laboratory Established Track Record - The supplier has successfully established at least five (5) Fabrication Laboratories in the Philippines; with each Fabrication Laboratory having been supplied by the same supplier with at least five (5) different Fabrication Laboratory machines from any of the following FabLab machine categories: Laser Cutter,	2. Fabrication Laboratory Established Track Record - The supplier has successfully established at least Three (3) Fabrication Laboratories in the Philippines; with each Fabrication Laboratory having been supplied by the same supplier with at least Three (3) different Fabrication Laboratory machines (Not necessarily the brand that

Milling Machine, CNC Router, Flatbed Cutter, 3D Printer, 3D Scanner, Roll Cutter, Large Format Printer, and Digital Embroidery Machine. This ensures that the supplier has the credibility and the capacity to meet the complex technical requirements of establishing a Fabrication Laboratory. Attachments required: (1) Copy of the contract or PO of the five established Fabrication Laboratories (2) Certificate of Installation and Training of the five established Fabrication Laboratories	they will offer to BulSU) from any of the following FabLab machine categories: Laser Cutter, Milling Machine, CNC Router, Flatbed Cutter, 3D Printer, 3D Scanner, Roll Cutter, Large Format Printer, and Digital Embroidery Machine. Attachments required: (1) Copy of the contract or PO of the three established Fabrication Laboratories (2) Certificate of Installation and Training of the three established Fabrication Laboratories
Warranty Certificate	Warranty Certificate *for two (2) years with on-site quarterly maintenance services*
Additional Requirement	After Sales Service Certificate for five (5) years (Notarized)

FOR LOT 1:

DOCUMENT 13 - ANNEX 1	FROM	TO
Laser Platform Interface Panel	Five button keypad or equivalent interface panel	Five button keypad or equivalent interface panel (e.g. touch panel)
Required Weight	140 kg \pm 10kg	Less than 200 kg
Exhaust Connection	Two 4 in (102 mm) ports 500 CFM @ 6 in static pressure	Two 4 in (102 mm) ports 500 CFM @ 6 in static pressure or higher specification
UAC 2000 Filtration System	UAC 2000 Filtration System	Filtration System
HPDFO Upgrade	HPDFO Upgrade	HPDFO Upgrade or Equivalent Solution
High Reliability Digital Motors	Laser system uses high quality digital motors that do not require expensive and complicated optical encoders to function.	Laser system uses high quality digital motors that do not require expensive and complicated optical encoders to function. If the supplier will offer servo motors which requires feedback system (Encoders), the supplier must supply 2 additional feedback system per axis (X and Y) for free.

Multiple Language Support	Supports multiple languages: English, German, Japanese, Spanish, French, and Italian.	Supports multiple languages: at least English, German, Japanese, Spanish, French, and Italian.
Certificate of Distributorship	The supplier has the brand's (foreign or local) certificate of distributorship issued by the manufacturer.	<p>Certificate of Distributorship/ Dealership/ Resellership/ Authorization to Sell: The supplier has the brand's (foreign or local) Certificate (Comply to at least one of the following)</p> <ul style="list-style-type: none"> • Certificate of Distributorship or Dealership or Resellership or Authorization to Sell. (at least one of these should be issued by the Manufacturer). • Certificate of Resellership or Authorization to Sell Issued by Manufacturer's Authorized Distributor. The "Certificate of Distributorship" issued by the Manufacturer to its Authorized Distributor should also be submitted. • Certificate of Resellership or Authorization to Sell Issued by Manufacturer's Authorized Reseller. The "Reseller Certificate of the Manufacturer's Authorized Reseller" should indicate that the Manufacturer's Authorized Reseller is permitted to issue again another Reseller Certificate to other country. The Reseller Certificate of the Manufacturer's Authorized Reseller should also be submitted.
Training Availability	The supplier and trainers have training certificate issued by the manufacturer	<p>The Supplier must have employed manpower to provide high-quality training and technical support.</p> <p>Documents Required: (1) Certificate of Employment of trainers; and (2) Proof of Training Capability issued by the Manufacturer to supplier and/or employed trainers)</p>
Installation, Maintenance and Service Availability (Org Structure)	The supplier has manpower and capability to conduct installation, maintenance and service. Supplier should have dedicated service department.	The supplier has manpower (employed by the supplier) and capability to conduct installation, maintenance and service. Supplier should have dedicated service department for after sales support.

Marketing Support Availability (Org Structure)	The supplier has a dedicated marketing department that can provide support service.	The supplier has a dedicated marketing department that can provide support for marketing and promotion needs of BulSU.
Brand Reliability and Track Record (List)	The brand of the machine offered should have already been installed in at least ten (10) different entities in the Philippines. This is to ensure the reliability of the brand and the support of the manufacturer to the users of the offered machine.	The brand of the machine offered should have units already been installed in to at least ten (10) different entities in the Philippines. This is to ensure the reliability of the brand and the support of the manufacturer to the users of the offered machine.

DOCUMENT 13 - ANNEX 2	FROM	TO
Industrial CNC Router with Welded Steel Frame and Aluminum Deck	Industrial CNC Router with Welded Steel Frame and Aluminum Deck	Industrial CNC Router with Welded Steel Frame and Aluminum Deck *Maximum Spindle Rotation Speed should be 18000 RPM and Above *Maximum Spindle Rotation Speed should be 18000 RPM and Above
Positioning Speed	700 ipm	700 ipm or higher
Certificate of Distributorship	The supplier has the brand's (foreign or local) certificate of distributorship issued by the manufacturer	Certificate of Distributorship/ Dealership/ Resellership/ Authorization to Sell The supplier has the brand's (foreign or local) Certificate (Comply at least one of the following) <ul style="list-style-type: none"> • Certificate of Distributorship or Dealership or Resellership or Authorization to Sell. (at least one of these should be issued by the Manufacturer). • Certificate of Resellership or Authorization to Sell Issued by Manufacturer's Authorized Distributor. The "Certificate of Distributorship" issued by the Manufacturer to its Authorized Distributor should also be submitted. • Certificate of Resellership or Authorization to Sell Issued by Manufacturer's Authorized Reseller. The "Reseller Certificate of the Manufacturer's Authorized Reseller" should indicate that the Manufacturer's Authorized Reseller is permitted to issue again another Reseller Certificate to other country. The Reseller Certificate of the Manufacturer's

		Authorized Reseller should also be submitted.
Training Availability (Certificate)	The supplier and trainers have training certificate issued by the manufacturer	The Supplier must have employed manpower to provide high-quality training and technical support. Document Required:(1) Certificate of Employment of trainers (2) Proof of Training Capability issued by the Manufacturer to supplier and/or employed trainers)
Installation, Maintenance and Service Availability (Org Structure)	The supplier has manpower and capability to conduct installation, maintenance and service. Supplier should have dedicated service department.	The supplier has manpower (employed by the supplier) and capability to conduct installation, maintenance and service. Supplier should have dedicated service department for after sales support.
Marketing Support Availability (Org Struct)	The supplier has a dedicated marketing department that can provide support service.	The supplier has a dedicated marketing department that can provide support for marketing and promotion needs of BulSU.
Brand Reliability and Track Record (List)	The brand of the machine offered should have already been installed by the supplier in at least Two (2) different entities in the Philippines. This is to ensure the reliability of the brand and the support of the manufacturer to the users of the offered machine	The brand of the machine offered should have units already been installed in at least two (2) different entities in the Philippines. This is to ensure the reliability of the brand and the support of the manufacturer to the users of the offered machine.
